## Research

### Academic appointments

- |                |   |
|----------------|---|
| 2018 – present | <b>Assistant Professor, Tilburg University</b><br>Assistant Professor (tenured since June 2021) at the department of Methodology and Statistics, Tilburg University   |
| 2012 – 2017    | <b>PhD Candidate, Tilburg University</b><br>PhD candidate at the department of Methodology and Statistics, Tilburg University. Project title: <i>Research on Research: A Meta-Scientific Study of Problems and Solutions in Psychological Science</i> . |
| 2012           | <b>Research Assistant, University of Amsterdam</b><br>Assisting prof. dr. Denny Borsboom in designing and monitoring an automatized tracking system that analyzes and reports longitudinal patient data.  |

### Research Visits

- |                  |  |
|------------------|--|
| April 2019       | <b>Research Visit to Melbourne University</b><br>Consulting researcher for the DARPA SCORE grant of prof. dr. Fiona Fidler on estimating replicability of published papers.  |
| April – May 2017 | <b>Research Visit to METRICS at Stanford University</b><br>A three week visit to the Meta-Research Innovation Center at Stanford (METRICS), California, USA. Together with prof. dr. John P. A. Ioannidis, dr. Daniele Fanelli, and their colleagues I worked on several research projects concerning metascience. |

## Education

- |             |   |
|-------------|---|
| 2012 – 2017 | <b>PhD Methodology and Statistics, Tilburg University</b><br>Project title: <i>Research on Research: A Meta-Scientific Study of Problems and Solutions in Psychological Science</i> . Supervisors: prof. dr. Jelte M. Wicherts and prof. dr. Marcel A. L. M. van Assen. Defense date: May 30, 2018. The full thesis is published online at <a href="https://psyarxiv.com/qt7e">https://psyarxiv.com/qt7e</a> . <b>Awarded the Tilburg University Dissertation Prize</b> |
| 2011 – 2012 | <b>MSc Psychology (cum laude), University of Amsterdam</b><br>Specialization: Psychological Research Methods. Thesis: <i>A Default Bayesian Hypothesis Test for Mediation</i> , supervisor: prof. dr. Eric-Jan Wagenmakers  |
| 2008 – 2011 | <b>BSc Psychology (cum laude), University of Amsterdam</b><br>Specialization: Psychological Research Methods. Thesis: <i>The Use of the Sobel Test in Mediation Analysis</i> , supervisor: dr. Jelte M. Wicherts.   |

## ***Additional Training***

Feb 2021	<b>Masterclass Supervising PhD Students</b> A one-day masterclass on supervision of PhD students. Tilburg University.
2014 – 2019	<b>University Teaching Qualification</b> Successfully completed the UTQ training modules Teach, Plan, Test, and Supervise and wrote a portfolio listing and reflecting on my teaching experience. Tilburg University.
2012 – 2017	<b>Interuniversity Graduate School of Psychometrics and Sociometrics (IOPS)</b> 10 ECTS in graduate level courses in statistics and psychometrics, attendance of IOPS conferences, reviewing IOPS proposals, discussant of talks at the IOPS conferences.
2008 – 2011	<b>Honors Program of Psychology</b> 30 ECTS in addition to the regular Bachelor. University of Amsterdam.

## **Grants & Awards**

*Total grant/award money obtained: ~€601,271*

April 2023	<b>GRANT: Tilburg University Starter Grant (€240,000)</b> Project: “From Degrees of Freedom to Robustness: Strengthening the Evidence Base for Psychological Interventions.” Co-application with Dr. Paul Lodder.
March 2023	<b>GRANT: Center for Open Science / SCORE project (\$10,000)</b> As part of the SCORE project (Systematizing Confidence in Open Research and Evidence), the Center for Open Science (COS) contracted me to automatically extract statistical reporting errors from a large set of papers as a follow-up of our 2020 collaboration.
Dec 2020	<b>GRANT: Young eScientist Award (€50,000)</b> Project: Implementing natural language processing in <i>statcheck</i> to extend its functionality beyond psychology. Co-application with Dr. Willem Sleegers.
Nov 2020	<b>GRANT: NWO Veni Grant (€250,000)</b> Project: “The Four-Step Robustness Check: Assessing and Improving Robustness of Psychological Science”
Oct 2020	<b>AWARD: Open Science Champion</b> Named Open Science Champion by the Open Science Community Tilburg for my work on <i>statcheck</i> and for advocating Open Science throughout all my work.
June 2020	<b>GRANT: Herbert Simon Research Institute Seed Funding for COVID-19 Research (€10,000)</b> Project: “Employing meta-research to enrich COVID-19 preprints and study the impact of time pressure on research quality”. Co-application with dr. Robbie van Aert and Prof. Jelte Wicherts.
March 2020	<b>GRANT: Center for Open Science / SCORE project (\$10,500)</b> As part of the SCORE project (Systematizing Confidence in Open Research and Evidence), the Center for Open Science (COS) contracted me to automatically extract statistical reporting errors from a large set of papers.

Dec 2019	<b>AWARD: Best Course Award</b> Award for the best Research Master Course 2018-2019 for my course on programming in R. Tilburg School of Social and Behavioral Sciences.
Jan 2019	<b>GRANT: Invited Position Paper for ZonMw (€4,000 p.p.)</b> A grant of the Dutch funder ZonMw to write a position paper about how funders can play a role in promoting responsible research practices, together with Joeri Tjeldink (PI), Serge Horbach, and Gareth O'Neill.
Jan 2019	<b>AWARD: Teacher of the Year</b> Winner of the Tilburg University Teacher of the Year award 2019.
Nov 2018	<b>AWARD: Tilburg University Dissertation Prize (€4,000)</b> Winner of the Tilburg University Dissertation Prize 2018.
Sep 2017	<b>AWARD: Publons' Sentinel Award: Runner-Up</b> <i>statcheck</i> was named runner-up for Publons' Sentinel Award for outstanding advocacy, innovation or contribution to scholarly peer review.
April 2017	<b>GRANT: Campbell Methods Grant (\$20,000)</b> A \$20,000 methods grant (CMG2.02) from the Campbell Collaboration for the project "Verifying the accuracy of statistical significance testing in Campbell Collaboration systematic reviews through the use of the R package <i>statcheck</i> ", together with dr. Joshua R. Polanin.
Nov 2016	<b>AWARD: Leamer-Rosenthal Prize for Open Social Science: Emerging Researcher (\$10,000)</b> A joint cash award of \$10,000 together with Sacha Epskamp from the Berkeley Initiative for Transparency in the Social Sciences (BITSS) for our work on <i>statcheck</i> .
2016 – 2021	<b>GRANT: Rackspace Sponsorship (\$2,000 per Month)</b> Rackspace sponsored me for \$2000 per month in hosting costs for the web app <a href="http://statcheck.io">http://statcheck.io</a> .
July 2014	<b>AWARD: Best Presentation by a PhD Student</b> <b>Nuijten, M. B.</b> , Van Assen, M. A. L. M., Veldkamp, C. L. S., & Wicherts, J. M. (2014, July). <i>The replication paradox: Combining studies can decrease accuracy of effect size estimates</i> . Paper presented at the 6th European Congress of Methodology, Utrecht, The Netherlands.

## PhD Students

2023 – present	<b>Dennis Peng</b> Project title: From degrees of freedom to robustness: Strengthening the evidence base for psychological interventions.
2023 – present	<b>Cas Goos</b> Project title: Improving the robustness of science using evidence-based journal level interventions.
2018 – present	<b>Esther Maassen</b> Project title: Structural equation modeling as an antidote to selective outcome reporting.

## Editorial Activities

My Publons Peer Review account can be found at <https://publons.com/author/1340092/michele-b-nuijten#profile>

### Editorial Boards

2023 – present	<b>Peer Community in Registered Reports</b> Editor (“Recommender”) for the RR section of PCI.
2022 – present	<b>Routledge Open Research</b> Editor Advisory Board member for the Psychology section.
2020 – present	<b>Nature: Scientific Reports</b> Editorial Board member of Nature: Scientific Reports, Registered Reports section.
2018 – present	<b>Collabra: Psychology</b> Editor for the open access journal Collabra: Psychology, the official journal of the Society for the Improvement of Psychological Science (SIPS).
2018 – present	<b>Meta-Psychology</b> Advisory Board member for the free open access journal Meta-Psychology.
2017 – present	<b>Personality and Social Psychology Bulletin</b> Consulting Editor for the Personality and Social Psychology Bulletin.

### Reviewing

April 2017	<b>SSMART 2017 Review Committee</b> Member of the review committee of the Social Science Meta-Analysis and Research Transparency (SSMART) grants (\$60,000 in total), initiated by the Berkeley Initiative for Transparency in the Social Sciences (BITSS).
2013 – present	<b>Ad Hoc Reviewing</b> Advances in Methods and Practices in Psychological Science Behavior Research Methods BMJ Open Science Collabra: Psychology Educational and Psychological Measurement European Science Editing International Journal of Psychology Journal of Cross-Cultural Psychology Journal of Experimental Social Psychology Journal of Mathematical Psychology Journal of Media Psychology Journal of Official Statistics Journal of Open Psychology Data Meta-Psychology Nature Communications Nature Human Behaviour Peer Community In: Registered Reports PeerJ Personality and Social Psychology Bulletin

Perspectives on Psychological Science

Psychology Learning & Teaching  
Quantitative & Computational Methods in the Social Sciences  
Review of General Psychology  
Royal Society Open Science

## Academic Activities and Memberships

- 2023 – present **Faculty Ambassador of the Open Science Community Tilburg**  
Ambassador for Open Science at the School of Social and Behavioral Sciences. The Open Science Community Tilburg strives to make scientific research transparent and accessible to all levels of society and thus creating more accountability and impact.
- 2023 – present **Tilburg Young Academy – Board Member**  
Board member of the Tilburg Young Academy, a group of early career researchers who aim to promote ways-of-working that enhance the credibility of science and who help shape policy to improve the well-being and personal development of young academics at our university.
- 2023 – present **Dutch Reproducibility Network (NLRN) – Advisory Board Member**  
The NLRN facilitates initiatives that foster reproducible and transparent research in all scholarly disciplines in the Netherlands.
- 2023 – present **Institute for Replication (I4R) - Editorial Board Member**  
The main goal of I4R is to systematically reproduce/replicate empirical studies published in leading economic and political science journals.
- 2023 – present **ERROR – Advisory Board Member**  
The project aims at getting an estimate of the prevalence of (severe) errors in academic literatures, and being able to make a cost-benefit analysis of implementing a correction system on a larger scale.
- 2019 – present **Science Committee Tilburg University**  
Member of the Science Committee at the Tilburg School of Social and Behavioral Sciences. The Science Committee publishes a guideline on Data Handling and Methods Reporting and periodically investigates the quality of data handling and the reporting of research methods by researchers of the School.
- 2018 – present **Junior Staff Member of IOPS**  
Junior Staff Member of the Interuniversity Graduate School for Psychometrics and Sociometrics (IOPS)
- 2017 – 2021 **Advisory Board of Curate Science**  
Member of the Advisory Board of Curate Science (<http://curatescience.org>). Curate Science is a unified framework to quantify internal and external trustworthiness of empirical research over time.
- 2016 – 2019 **Program Committee Replication Research NWO**  
Advising NWO (The Netherlands Organization for Scientific Research) on distributing funding for replication research.

2018 – 2019	<b>Program Committee SIPS</b> Member of the program committee for the 2019 meeting of the Society for the Improvement of Psychological Science (SIPS) in Rotterdam, the Netherlands (approx. 250 attendees).
2017 – 2018	<b>Program Committee Chair SIPS</b> Chair of the program committee for the 2018 SIPS meeting in Grand Rapids, Michigan, USA (approx. 250 attendees).
2016 – 2018	<b>Executive Committee SIPS</b> Member of the executive committee of the Society for the Improvement of Psychological Science (SIPS). SIPS is a service organization aiming to make psychological science higher quality and more cumulative.
2014 – 2015	<b>PhD Representative of IOPS</b> Among other things, activities consist of attending IOPS board meetings, selecting reviewers for new IOPS proposals, chairing the IOPS PhD student meeting, and maintain the IOPS website.
2013 – 2014	<b>Assistant PhD Representative IOPS</b> Tasks consisted of attending IOPS board meetings, selecting reviewers for new IOPS proposals, chairing the IOPS PhD student meeting, and build and maintain the IOPS website.
2013 – 2014	<b>Seminar Organizing Committee</b> Member of the organizing committee for the seminar <i>Improving Scientific Practice: Dealing with the Human Factors</i> . Amsterdam.
2011 – 2012	<b>Methodology Shop Consultant</b> The Methodology Shop is a help desk for free methodological and statistical advice. The clients usually are undergraduate students who need help with their research, but there are also clients from outside the university who ask for methodological advice. University of Amsterdam.

## Teaching

### Courses

2016 – present	<b>Introduction to Research Methodology</b> Lecturer and coordinator (from 2018 onwards) for the first year's psychology course "Introduction to Research Methodology" (approx. 750 students). Tilburg University.
2023	<b>Wicked Problems 201: Research Practicum/Research Seminar HR Analytics</b> Methods and statistics advisor in a second year interdisciplinary bachelor's research practicum for the social sciences. Tilburg University.
2018 – 2020	<b>Programming in R</b> Lecturer and coordinator for the Research Master's course "Programming in R" (approx. 25 students). Tilburg University.
2018	<b>Professional Skills: Ethical Issues</b> Lecturer for the second year's psychology course "Professional Skills: Ethical Issues" (approx. 25 students). Tilburg University.

2013 – 2016	<b>Correlational Research Methods</b> Supervising tutorials for the second year's psychology course "Correlational Research Methods". Tilburg University.
2012	<b>Social Sciences in Perspective</b> Designing and grading assignments, supervising practical sessions for a first year's interdisciplinary Beta Gamma course on research methods and statistics in R: "Social Sciences in Perspective". University of Amsterdam.
2012	<b>SPSS Psychology</b> Supervising practical sessions, grading assignments for the Bachelor of Psychology course "SPSS Psychology". University of Amsterdam.
2012	<b>Programming Skills: R</b> Supervising practical sessions, grading assignments for the Research Master of Psychology course "Programming Skills: R". University of Amsterdam.

### **Supervision**

- 2 Research Master's thesis
- 1 Research Master's First Year Paper
- 12 Research Master's traineeships
- 2 Bachelor's thesis

### **Publications**

#### **Preprints**

2023	<b>Nuijten, M. B.</b> & Wicherts, J. M. (2023). The effectiveness of implementing statcheck in the peer review process to avoid statistical reporting errors. <i>PsyArXiv</i> . doi:10.31234/osf.io/bxau9
